

NEW OPPORTUNITY

Planning Manager

Working alongside our Head of Development you will play an integral part of an evolving Development Team at The Casey Group.

Job Objectives

To deliver a full range of town planning and related development roles across residential and commercial development projects involving existing and future Casey land. You would also support and work closely with our Housing Team and our Enviro Team (landfill sites and the associated legacy issues).

Key Tasks

- An input to the preparation of Business Cases for investment opportunities including an analysis of planning and related risk and evaluating options.
- Prepare planning applications including coordinating multidisciplinary in connection with supporting information.
- Monitor planning policy as it affects Casey interests and making representations in connection with local development plans.
- Represent Casey in connection with all stakeholder meetings, both private and with local authorities.
- Produce pre and post planning programmes and coordinate, monitor and deliver on areas of the development programme.
- Update the business in relation to planning and related policy trends and changes affecting the housing and commercial sectors.

The successful candidate will hold a degree in town planning or a related discipline and be a member of the RTPI.

Please apply in writing including CV and details of relevant experience, to:
