

NEW OPPORTUNITIES

Contracts Manager

We are seeking to appoint an experienced Contracts Manager (Land Rec) due an influx of recent tender wins in the Sheffield area and other imminent work. Successful candidates must understand, uphold, and communicate the values and culture of the Casey Group.

The successful candidate will have overall responsibility for multiple construction projects and manage construction teams in delivering a consistent service to time, safety, quality, and cost, ensuring clients expectations are met in full and contract performance targets realised.

The successful applicant will demonstrate a proven track record in Contract Management within the Social Housing Regeneration and Civil Engineering environment.

- Lead and manage multi-disciplined teams in both Operational and Commercial environments.
- Liaise with consultants, designers and subcontractors to ensure adequate information flow and resources are being applied to the scheme.
- Manage, and report on key drivers of schemes including Health & Safety, Programme, Quality and CSR commitments.
- Consider tender allowances against actual requirements and evaluate and monitor expenditure with the site team.

Please apply in writing to:
