

NEW OPPORTUNITIES

Quantity Surveyor

We are seeking to appoint an experienced Quantity Surveyor (QS) due an influx of recent tender wins in the Sheffield area and other imminent work. Successful candidates must understand, uphold and communicate the values and culture of the Casey Group.

The successful applicant will have responsibility for the QS function within different projects in the Land Reclamation and Civil Engineering Division and is likely to have:

- Sound experience in the quantity surveying process.
- Broad knowledge of the construction sector and building processes within, and more specific knowledge of groundworks and civil engineering type works.
- Excellent interpersonal skills and experience of dealing with management, construction professionals, and operatives.
- Excellent negotiation skills.
- The ability to manage risk issues and mitigate accordingly.
- Sound knowledge of construction contract law.

This vacancy is included in the Employee Referral Scheme.

Please apply in writing to:

Ann Harkin, Group HR Manager
ann.harkin@casey.co.uk

Including CV and details of relevant experience.
