

NEW OPPORTUNITIES

SITE MANAGEMENT

We are seeking to appoint Site Managers across the business due to expected tender wins. Successful candidates must understand, uphold and communicate the values and culture of the Casey Group.

Land Reclamation and Civil Engineering

The roles will be based throughout the Northwest and Northeast areas including Manchester, Blackburn, West & South Yorkshire.

It is essential to have a varied experience including most of the following:

- Highway works including junction improvements, drainage and cycleway construction
- Driveways, boundary treatments and external works to social housing estates including interaction with residents and clients
- Rail installations in a high street environment
- High quality public realm including modular paving
- Soft landscaping including feature gardens and fountain installations
- Building and structure restoration in a historic setting

This vacancy is included in the Employee Referral Scheme.

Please apply in writing to:

Ann Harkin, HR Manager

ann.harkin@casey.co.uk

Including CV and details of relevant experience.
